Important information about the L! Member Benefits Club and your NDIS Plan.

The L! Club offers a broad range of everyday goods and services, beyond the services and supports that your NDIS Plan may cover. However, there may be times when a product or service is relevant to your NDIS Plan and supports your NDIS goals.

If something is available on the Leap in! Member Benefits Club website, it does not mean that you can automatically claim it through your NDIS Plan.

As with every purchase you make with NDIS Plan funds, it is your responsibility to ensure that what you are purchasing meets NDIS requirements, including the **'reasonable and necessary'** test.

When it does, send your receipt for reimbursement to invoices@leapin.com.au.

Then, you can be confident that the special offers and savings you have secured are making your NDIS funds go further.
